

Lakeway Church Christian Preschool

2017-2018 After-School Enrichment Classes

Your child must be enrolled for the Fall/Spring semester (9:00 am-1:00pm) to register for After-School Enrichment Classes (1:00-2:30 pm). All Fall/Spring semester students are eligible to enroll in after school classes on any day of the week, even if they do not attend regular classes on that day (i.e. a Mon/Wed/Fri student could sign up for an after school class on Tuesday and/or Thursday).

Register early! Classes fill quickly!

18 - 36 months

1 class.....	\$60 per month
2 classes.....	\$120 per month
3 classes.....	\$180 per month
4 classes.....	\$240 per month
5 classes.....	\$300 per month

After-School Drop-In.....\$25 per day

How to sign up

- Email Kelly Leonard (kelly@lakewaychurch.net) to determine class availability.
- Once you receive confirmation from Kelly that a class is available, 1st month's after-school tuition (cash or check) must be received by LCCP Administrative Staff before or on the day of Meet the Teacher (August 24th) for your child's after-school spot to be secured.
- After the first month, After-School tuition will be billed on your child's monthly invoice, due (along with regular-day tuition) at the beginning of each month.
- Students may drop/change After-School activities only if the LCCP office staff is informed in writing by the 20th of the previous month. Parents are responsible for any after-school tuition incurred for the following month should they fail to meet this deadline.
- Class change requests will be considered based on availability.
- Classes that do not have enough students enrolled to cover teacher and supply costs may be cancelled. In such cases, parents will receive a credit on their child's account for associated After-School tuition paid (prorated if cancelled mid-month).

Class Descriptions

Arts, Crafts, and Doodles

John Mason wisely reminds us: "You were born an original. Don't die a copy." This class is designed to help children explore the very things that make them unique creations of God. They will delve into hands-on, multi-sensory exercises designed for maximum self-expression. Process-oriented activities for both boys and girls include printmaking, decoupage, jewelry-making, tie-dye, stamping, and many more multi-media crafts. Watch your child develop creativity, self-confidence and fine motor skills, while creating some neat keepsakes along the way!

Fun Friday (and Fun Friday for Tots & Twos)

TGIF...let's celebrate! Fun Friday is a unique after school class designed around exciting monthly themes. Think "variety show." We will incorporate everything a preschooler loves—movement, singing, innovative art activities, and more during this last school time before the weekend!

Green Thumbkins

Gandhi said that "To forget how to dig the earth and to tend the soil is to forget ourselves." This class seeks to connect the wonder of childhood with the miracle of God's creation, as children learn more about their part in the greater world around them. Children will explore nature through exciting expeditions, environmental exploration, and cultivation of their own garden, fueling a passion for nature, recycling, and caring for what God called "good." Watch your little Green Thumbkins become Master Naturalists as they actively explore the world right outside the window.

Habla Español I & II

Don't you wish you could have learned a foreign language from a young age? This class will introduce children to the Spanish language in a fun, interactive way. Children will learn through music, play, listening & repeating, and other interactions. Lessons will cover basic conversational skills, the alphabet, colors, numbers, shapes, family, seasons, days of the week, months of the year, body parts, school, occupations, opposites, food, and much more. Lessons are progressive and build upon knowledge gained from the prior week's lesson. Children will also learn songs throughout the year and incorporate sign language. *Please note: To enroll in Spanish II, a child must have completed Spanish I or have prior approval from Ms. Gloria.*

Jumping Gym

Let's get some wiggles out! Jumping Gym is a fast-paced class focused on gross motor development with an emphasis in Gymnastics. Children will embark on a new adventure each day and use their imaginations as they navigate obstacle courses, bounce off the mini-trampoline, lift a parachute high off the ground, and whoosh past friends in scooters! These and many other fun activities are designed to promote physical activity, teamwork, creativity, and motor skills.

Kindermusik (and Kindermusik for Tots & Twos)

Hans Christian Andersen said, "Where words fail, music speaks." Music is a powerful medium that has been shown to stimulate growth across all developmental domains in children. Children will learn new songs, discover how different instruments look and sound, examine rhythms, and sing along while their teacher sings and plays the guitar. They will have the opportunity to dance, use scarves, and even paint as they interpret and explore music from around the world and across time!

Little Actors

The whole world is a stage, especially as a preschooler! This class introduces basic acting concepts to children in a fun-filled and playful environment, with a gross-motor emphasis. Activities are designed to encourage the development of self-confidence, creativity, imagination, and teamwork. Through games, simple skits, dancing, singing, pantomime, improvisation, costume design, and s
